

ACCREDITED RENOVATION SERVICES

KURMAK BUILDERS

is a service oriented family business dedicated to our clients' satisfaction. From the initial meeting with our team, we will determine your needs and everything you want from your project. We will put your requirements on paper and transform them into a stunning design that is sure to surpass your expectations. The proposed design will include all specifications, the budget, and an agreeable timeline. During the entire process from concept to completion, we work closely with you to ensure that no detail is overlooked and that any questions you may have get answered both promptly and accurately.

Our team includes our own in-house designers, project managers, journeyman carpenters and laborers with well over 65 years of combined experience.

We take great pride in our quality, attention to detail, and the lasting relationships we've been building for years. Our expanding referral list is a true testament to the trust and respect we earn from all of our valued clients.

DESIGN & PLANNING

Whether it's your designer or ours – we'll help you define exactly what you want from your renovation project. Given our extensive design experience, we can help you envision not only the final construction and material used but also the character and feel you are ultimately looking for.

COMMUNICATION & CONSTRUCTION

We'll always be available to guide you through every step of the construction process. Once the project is set in motion, we want you to be involved throughout. Remember, this is *your home* and we wish to ensure every detail is exactly as you want it.

KURMAK ADDS VALUE:

QUALITY CUSTOM HOMES

KURMAK BUILDERS

is dedicated to building high quality custom homes distinguished by a blend of detailed craftsmanship and experienced design. As a family business our goals are to create a home that will provide lasting quality and value for your family for years to come. We believe that form and function must work in unison; this means that your custom home will not only look tremendous but it will fit with your lifestyle, your personality and your expectations of what a home should be. From our initial meeting we always take into consideration what you communicate to us and translate this into a design that is sure to please.

Timing and details are always important to us. We want to follow a timeline that works for you. And during the entire process we work closely with you to ensure that your concerns are addressed and that no details are overlooked.

We are not only in the business of building fine homes, we're also in the business of building long-lasting relationships with our clients.

DESIGN & PLANNING

Whether it's a lot you have picked or an ideal lot we found for you – rest assured that when we're done your home will be exactly what you want. We can help define your needs from something as broad as the style of home to something as specific as the style of cabinetry. Furthermore, we'll ensure that your home has a cohesive look throughout every room – down to the last detail.

COMMUNICATION & CONSTRUCTION

Once the design & planning is complete the construction of your new home begins. This is *your home* and you are involved throughout the process. We go to extraordinary lengths to ensure that each custom home project runs efficiently and on budget. A dedicated project manager will always be available to answer any questions and to ensure quality workmanship – from start to finish.
